

2021 Volunteer Committee Training

Council will provide free training sessions to support the many volunteers in Surf Coast Shire's not-for-profit groups, clubs and incorporated associations. This is part of Council's commitment to volunteers and volunteering, as outlined in our Volunteer Policy.

The training is aimed at committee members and will cover a range of topics, from grant writing, to good financial management, event planning and other information. The chosen topics are the priorities that emerged from an earlier consultation, which is helping develop a Community Development Strategy.
