Landfill and Organics collection

Recycle and Organics collection

Organics, Recycle and Landfill collection

School holidays

What's accepted and what's not?

✓ YES

✗ NO

FOOD

✓ Fruit and vegetable scraps, including citrus and pips/stones	✗ Kitty litter
✓ Meat scraps and bones (raw and cooked)	✗ Clingwrap, plastic packaging or foil
✓ Fish and seafood, including shells (e.g. oyster shells)	✗ Plastic bags (even if biodegradable)
✓ Dairy products including cheese, yoghurt and butter	✗ Kitchen sponges or cloths
✓ Bakery products including bread, cake and pizza	✗ Nappies or sanitary items
✓ Egg shells	✗ Plant pots
✓ Rice, cereal, grains and pasta	✗ Glass
✓ Mouldy and expired food (removed from packaging)	✗ Dirt, soil or sand
✓ Tea bags and coffee grounds	✗ Stones, rocks, bricks or rubble
	✗ Large logs or stumps

ORGANICS BIN

WEEKLY COLLECTION

In Anglesea, food and garden waste placed in your organics bin is sent to a composting facility in Shepparton where it is processed into compost, mulch and soil conditioner, instead of being buried in landfill.

If you're a **GOOD SORT**, your food and garden organics collection will be free of contamination, kept out of landfill, and be put to good use in parks, gardens and farms. **Please remember: NO Plastic!**

THE
RIGHT THINGS
IN
THE **RIGHT BINS**

- ✓ Small amount of kitchen oils and fats (soak them up using kitchen towel)

✗ Branches too big to fit in the bin

OTHER ORGANICS

- ✓ Compostable caddy liners (supplied by Council)

✗ Painted or treated timber

- ✓ Tissues and paper towel

✗ Garden tools or hose

- ✓ Pet poo

✗ Hazardous or medical waste such as sharps or sharps containers

- ✓ Hair – from people and pets

✗ Cigarette butts

- ✓ Pizza boxes (if too soiled for recycling)

✗ Liquids

- ✓ Shredded paper

✗ Items that can be recycled

- ✓ Unwaxed paper muffin cases

✗ Household garbage

- ✓ Wrapping from fish and chips

- ✓ Ash (cold)

- ✓ Vacuum cleaner dust

GARDEN ORGANICS

- ✓ Lawn clippings

- ✓ Garden prunings including leaves, twigs, weeds, flowers and small branches (up to 10cm in diameter)

TIPS

- You can use your kitchen caddy to collect food and other kitchen organics. Tie the bag up every 2 or 3 days (even if not full) and put it in your kerbside organics bin.
- If you choose to use caddy liners, make sure you only use the certified compostable liners supplied by Council. Compost-a-pak and Biotuff branded bags can also be accepted but regular plastic bags, even those marked 'biodegradable' must **not** be used.
- Store these liners in a cool, dry, dark place to preserve their shelf life.
- Place folded newspaper or kitchen towel in the bottom of your caddy or liner to soak up liquids and oils.
- Wrap smelly foods such as meat, bones and seafood in newspaper before placing into your caddy or directly into your kerbside organics bin.

Organics collection

What's accepted and what's not?

✓ YES

✗ NO

Plastics	✗ Plastic bags	^
All rigid plastic including:	✗ Soft plastic packaging*	^
✓ Milk and other drink bottles	✗ Polystyrene foam	^
✓ Yoghurt, ice cream and margarine tubs	✗ Mirrors	^
✓ Detergent and shampoo bottles	✗ Light globes and tubes	^
✓ Berry punnets	✗ Electrical items or appliances (e-waste)	^
✓ Biscuit trays	✗ Window glass	^
✓ Takeaway containers	✗ Broken drinking glasses	^
✓ Plastic plates and cutlery	✗ Pyrex, crockery or ceramics	^
✓ Toys	✗ Coffee pods (e.g. Nespresso)	^
✓ Covers from CDs, DVDs and video tapes	✗ Fabric or clothing	^
	✗ Video tapes or CDs	^
Paper and Cardboard	✗ Gas bottles	^
✓ Milk and juice cartons	✗ Food scraps or garden organics (put in organics bin)	^
✓ Boxes	✗ Nappies or sanitary items	^
✓ Newspapers	✗ Wire and rope	^
✓ Magazines		

RECYCLE BIN

FORTNIGHTLY COLLECTION

When you put things into your recycling bin, they get sent to a facility in Geelong where they are sorted for processing. Contamination is the biggest issue – putting the wrong things in your recycling bin can mean the rest of the contents get sent to landfill. Put all items in loose and remember, **plastic bags must never go in your recycling bin.**

You can recycle more than you probably think. To be a **GOOD SORT**, check the list on these pages to make sure you have exactly the right things going into your recycling bin.

✓ Junk mail	✗ Timber
✓ Envelopes (you can leave the clear windows in)	✗ Hazardous or medical waste such as sharps or sharps containers
✓ Food packaging such as pizza boxes if not too soiled	
✓ Egg cartons	
Glass	
✓ Bottles and jars from drinks, beauty products, foods and vitamins – take the lids off and place these in separately	<p>^ See our website for information about how you can recycle these items in other programs.</p> <p>*Soft plastics are those wrappers or bags that you can easily scrunch in your hand. Make your own collection at home and drop them into a REDcycle bin at a Coles or Woolworths store for recycling. Find out more at www.redcycle.net.au.</p>
Metals	
✓ Drink cans	
✓ Tins and cans including Milo tins and pet food cans	
✓ Empty aerosol cans (lid off)	
✓ Aluminium foil – scrunched into a ball the size of your fist	
✓ Aluminium foil trays	
✓ Metal lids	
✓ Paint tins (empty and dry)	

THIS LIST IS AN INDICATION; VISIT OUR WEBSITE FOR MORE DETAILS

TIPS

- **NO plastic bags. All items must go into the bin loose.**
- Leave plastic lids on plastic bottles (this is preferred by our recycling contractors).
- Take metal or plastic lids off glass jars and put them into the recycle bin separately.
- No need to wash items – just scrape them clean and place them in your bin.
- Flatten boxes and cans so they take up less space.
- Larger items of cardboard, rigid plastic and metals including whitegoods (up to 0.5m³) are accepted at no cost at our transfer stations.

**THE RIGHT THINGS
IN THE RIGHT BINS**

Recycling collection

What's accepted and what's not?

✓ YES

✗ NO

✓ Broken crockery, drinking glasses and mirrors	✗ Electrical items or appliances (known as e-waste) ^
✓ Plastic bags, garbage bags, [^] and other soft plastic packaging*	✗ Batteries e.g. from watches, electronic items or car batteries ^
✓ Polystyrene and foam, including meat trays, cups and packaging ^	✗ Paints and paint tins ^
✓ Used dish cloths and sponges	✗ Oils
✓ Nappies	✗ Chemicals ^
✓ Tissues (or in your organics bin)	✗ Poisons ^
✓ Band-aids	✗ Liquids
✓ Disposable razors	✗ Hazardous or medical waste such as sharps or sharps containers
✓ Cotton buds and dental floss	✗ Light globes and tubes ^
✓ Sanitary and incontinence products	✗ Large pieces of timber
✓ Kitty litter (wrapped)	✗ Concrete, bricks, asbestos or building rubble
✓ Video tapes	✗ Soil or rocks
✓ Ropes, hoses and strapping	✗ Hot ashes
	✗ Items too big for the bin

LANDFILL BIN

FORTNIGHTLY COLLECTION

Think of your landfill bin as the last resort – used just for the things you can't avoid, reuse or recycle. Waste in this bin doesn't go away, it's put into the ground at the Anglesea Landfill.

If you're a **GOOD SORT**, you might be surprised by how much you can avoid putting into your landfill bin.

TIPS

- **Don't bag it! Waste can go into your bin loose.**
- Know exactly what can go into your organics and recycling bins, and keep those things out of landfill.
- Any bags or extra waste sitting beside kerbside bins won't be collected.

OTHER WASTE

Items that are accepted at no cost at our transfer stations: batteries, televisions and other e-waste, polystyrene, up to 0.5m³ of recyclables including cardboard, automotive oil, metal items (including whitegoods).

FOR MORE INFORMATION:

www.surfcoast.vic.gov.au/WasteAndRecycling

✓ Rags, clothing and shoes that cannot be repaired or reused	✗ Food scraps or garden waste that can go in your organics bin
	✗ Items that can go in your recycle bin
	✗ Flares

^ See our website for information about how you can recycle these items in other programs.

***Soft plastics** are those wrappers or bags that you can easily scrunch in your hand. Make your own collection at home and drop them into a REDcycle bin at a Coles or Woolworths store for recycling. Find out more at www.redcycle.net.au.

THE
RIGHT THINGS
IN
THE **RIGHT BINS**

E-waste (electronic waste) refers to any item with a plug, battery or cord that is no longer working or wanted.

E-waste is no longer accepted in kerbside bins or landfills in Victoria (effective 1 July 2019). Instead, you must take your e-waste to a transfer station in Anglesea, Lorne or Winchelsea where it is accepted free of charge. From here it will be collected and pulled apart so that valuable components can be retrieved, and hazardous materials removed.

Some e-waste items include:

Household appliances
e.g. fridges, microwaves,
irons, kettles, hair
dryers, vacuum cleaners
and electric fans

Lighting e.g. LEDs and
fluorescent lamps

IT, TV and
telecommunications
equipment e.g.
computers, tablets and
accessories, printers,
mobile phones and
televisions

Toys, leisure and
sporting equipment e.g.
hand-held video games
and consoles, musical
equipment, radios and
remote control toys

Electrical and electronic
items e.g. power tools,
leaf blowers, electric
lawnmowers and sewing
machines

Other items e.g.
watches, medical
devices and
thermostats
