

# Climate Emergency Grants: Pitch your project!

## Guidelines

**Surf Coast Shire Council's Climate Emergency Grants** provide funding for innovative community initiatives that take action to mitigate, adapt and/or mobilise on climate change.

### Funds available

A small number of **\$5,000 grants** are available in this annual grant round. No matched funds are required from the applicant.

Applicants of all eligible Expressions of Interest received by Council will pitch their project at a community event, where the top-voted projects will secure grant funding.

### Grant purpose

Surf Coast Shire Council is looking to fund local initiatives that enact its [Climate Emergency Corporate Response Plan 2021-2031](#) – Goal 5 'Our organisation empowers community-led responses to the climate emergency'.

The Climate Emergency Grants fund projects that:

- reduce greenhouse gas emissions (mitigate);
- help our community adapt to the impacts of climate change (adapt); and/or
- engage our community in climate action (mobilise).

The pitch event coincides with World Environment Day in June, bringing people together to share ideas for climate action.

### Before you get started

Before applying:

1. Read these Guidelines and check your eligibility.
2. Call our Grants Team on 5261 0600 to discuss your idea and ask any questions.

NOTE: Council officers can assist with the application process, but are unable to review draft applications.

### To apply

Expressions of Interest (EOI) are submitted online at [www.surfcoast.vic.gov.au/Grants](http://www.surfcoast.vic.gov.au/Grants).

Please contact our Grants Team on 5261 0600 if you require an alternative.

### Key dates:

Dates will vary each year, so please refer to our website or call our Grants Team for details. As a guide, Expressions of Interest will be open during April/May, and the Project Pitch event will be scheduled around World Environment Day (5 June annually).

## Assessment criteria

All EOIs for the Climate Emergency Grants are assessed using these criteria:

Criteria
The project takes action on climate change mitigation, adaptation and/or community mobilisation.
The applicant demonstrates their commitment and capability to deliver the project.
The budget is realistic, and costed with quotes.

Read more about assessment in the Grant Process section of these Guidelines.

## Project pitches

The community pitch event will be scheduled around World Environment Day (5 June) each year, with the event date promoted at the time Expressions of Interest are open. Applicants should ensure that they or a nominee are available to make their pitch either in person or online that day.

Each eligible applicant has 7 minutes (maximum) to make a pitch that gives an overview of their project and how it meets the grant purpose. This can take the form of a speech or presentation, or even a song or skit – this is an invitation to be creative!

You will present your pitch to the other applicants and community members who participate on the day. The pitches that receive the most votes from the community will receive a commitment of Council funding (\$5,000 each).

*Note: In the event of a tie, i.e. where the outcome from the voting doesn't align with the number of grants available, a second vote will take place between the tied projects to determine the project/s to receive funding.*

## Grant process

### Please note, for grant rounds using pitches to determine the projects that receive funding:

When Council opens Expressions of Interest (EOIs) for these rounds, we will communicate on our website [www.surfcoast.vic.gov.au/Grants](http://www.surfcoast.vic.gov.au/Grants), the date of the pitch event and the minimum number of eligible EOIs we need to receive in order to proceed with running the event on this date.

If the number of EOIs deemed eligible to progress to pitch is below the specified number, Council reserves the right to extend the timeframe to attract more EOIs.

This is to ensure a healthy pool of projects in case any are withdrawn by applicants, and to offer variety and choice for the community to hear about and vote on at the pitch event.
