

# Aireys Inlet

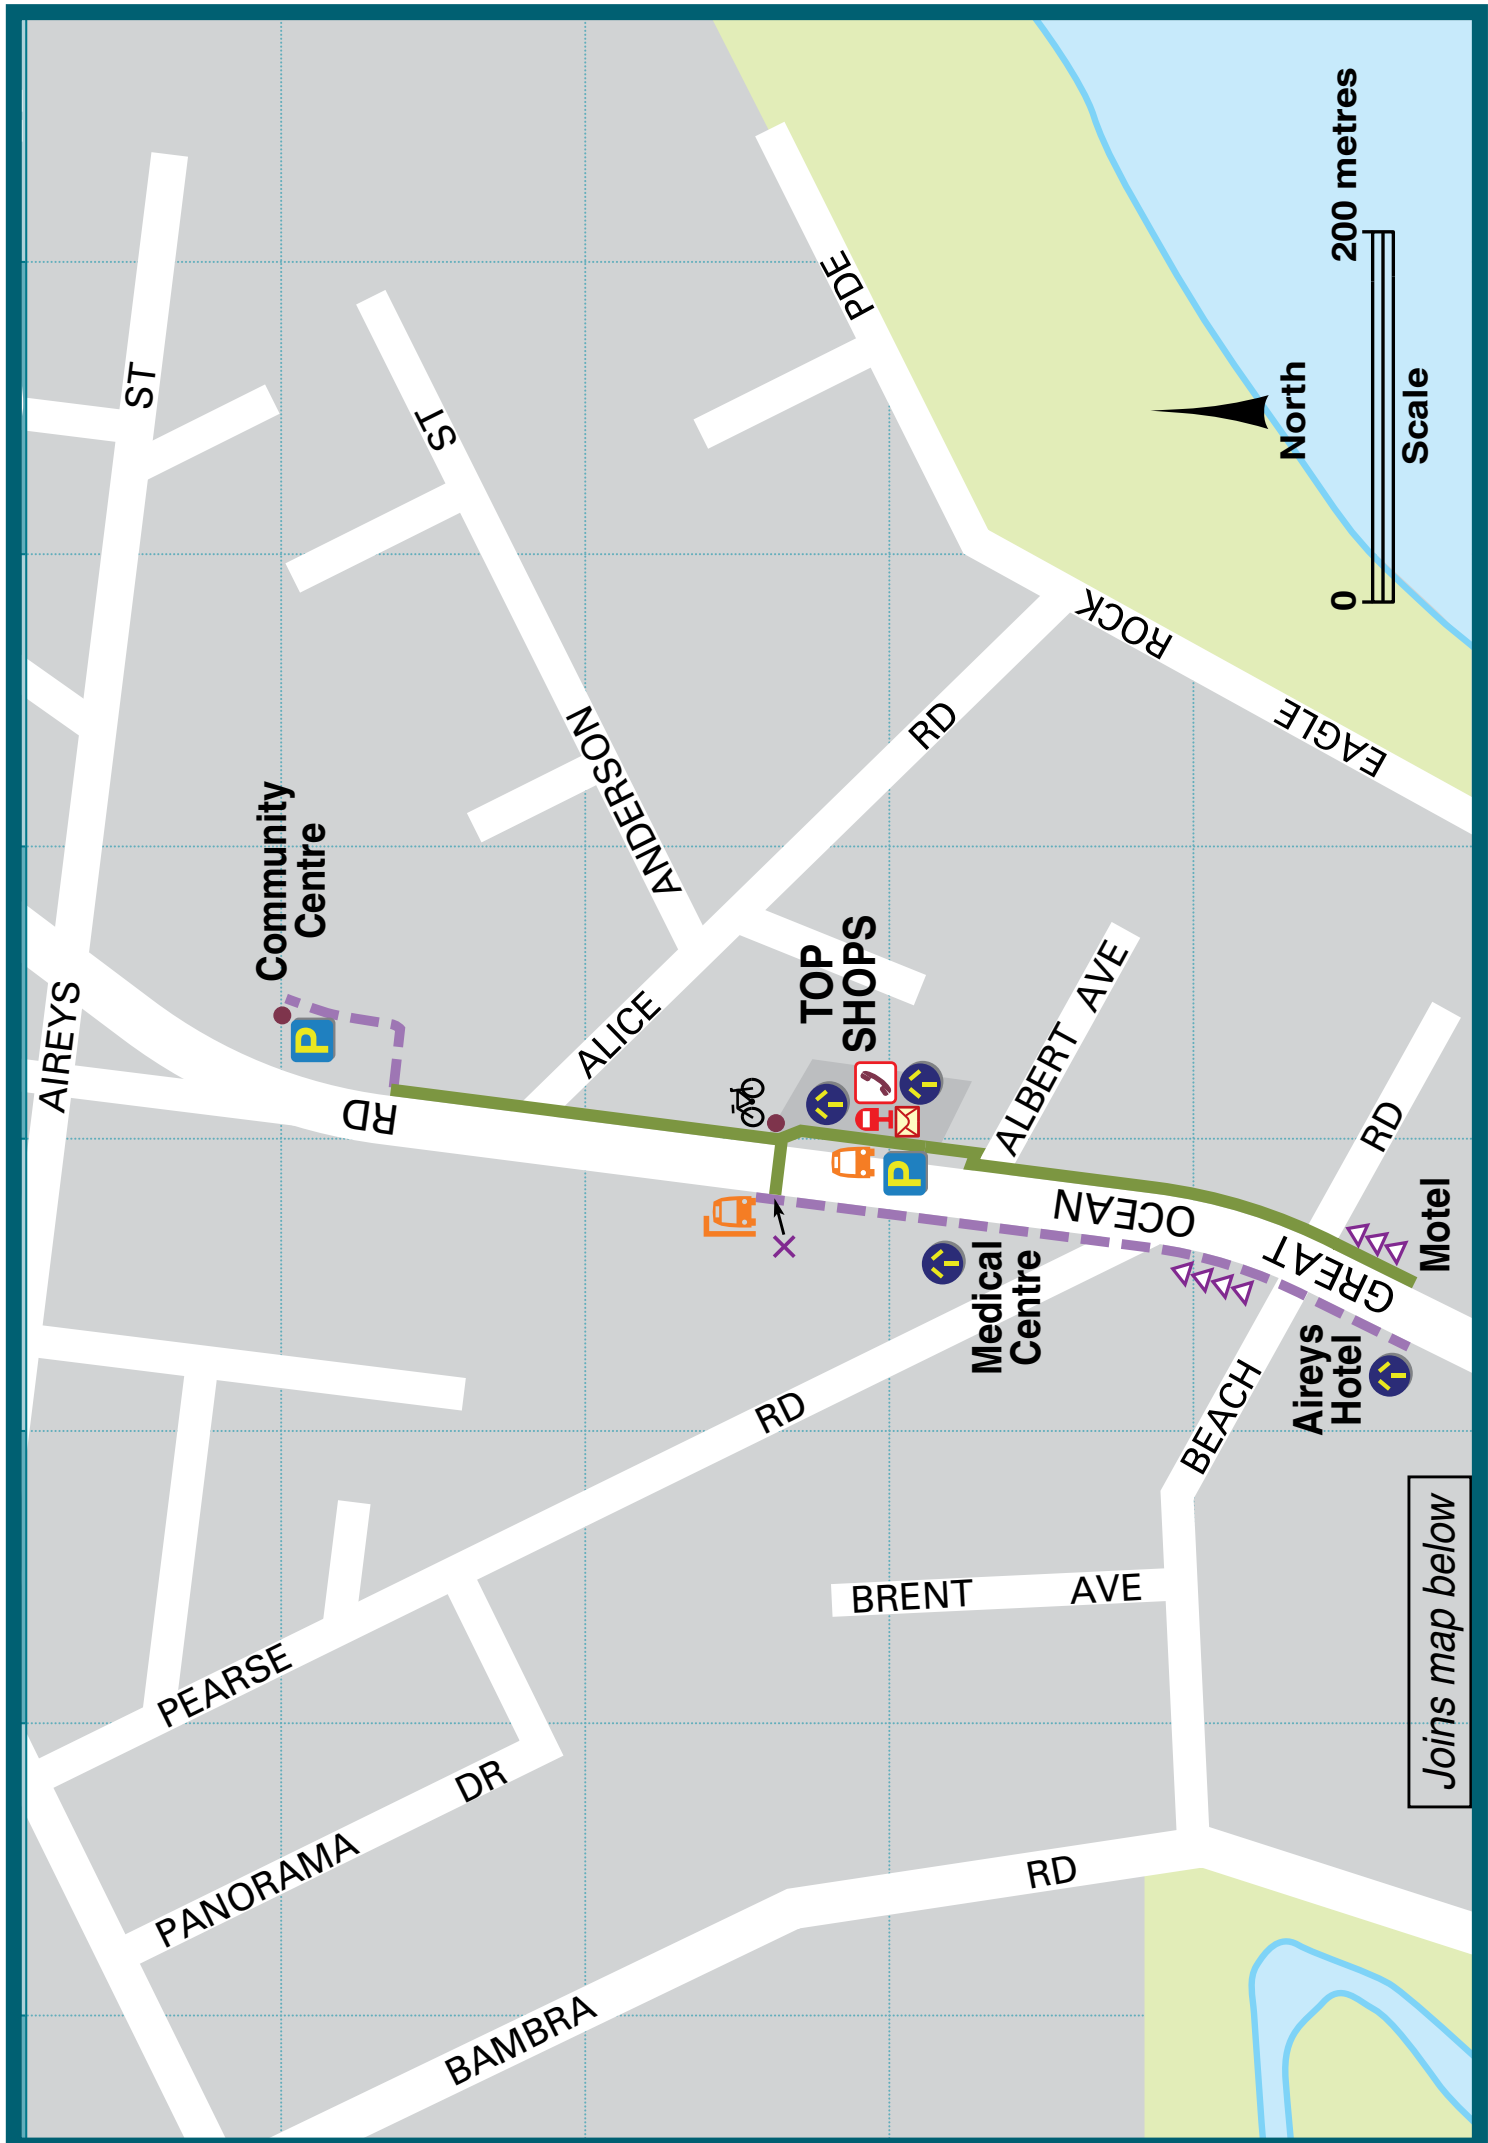

## Access Township Map

### Access Surf Coast

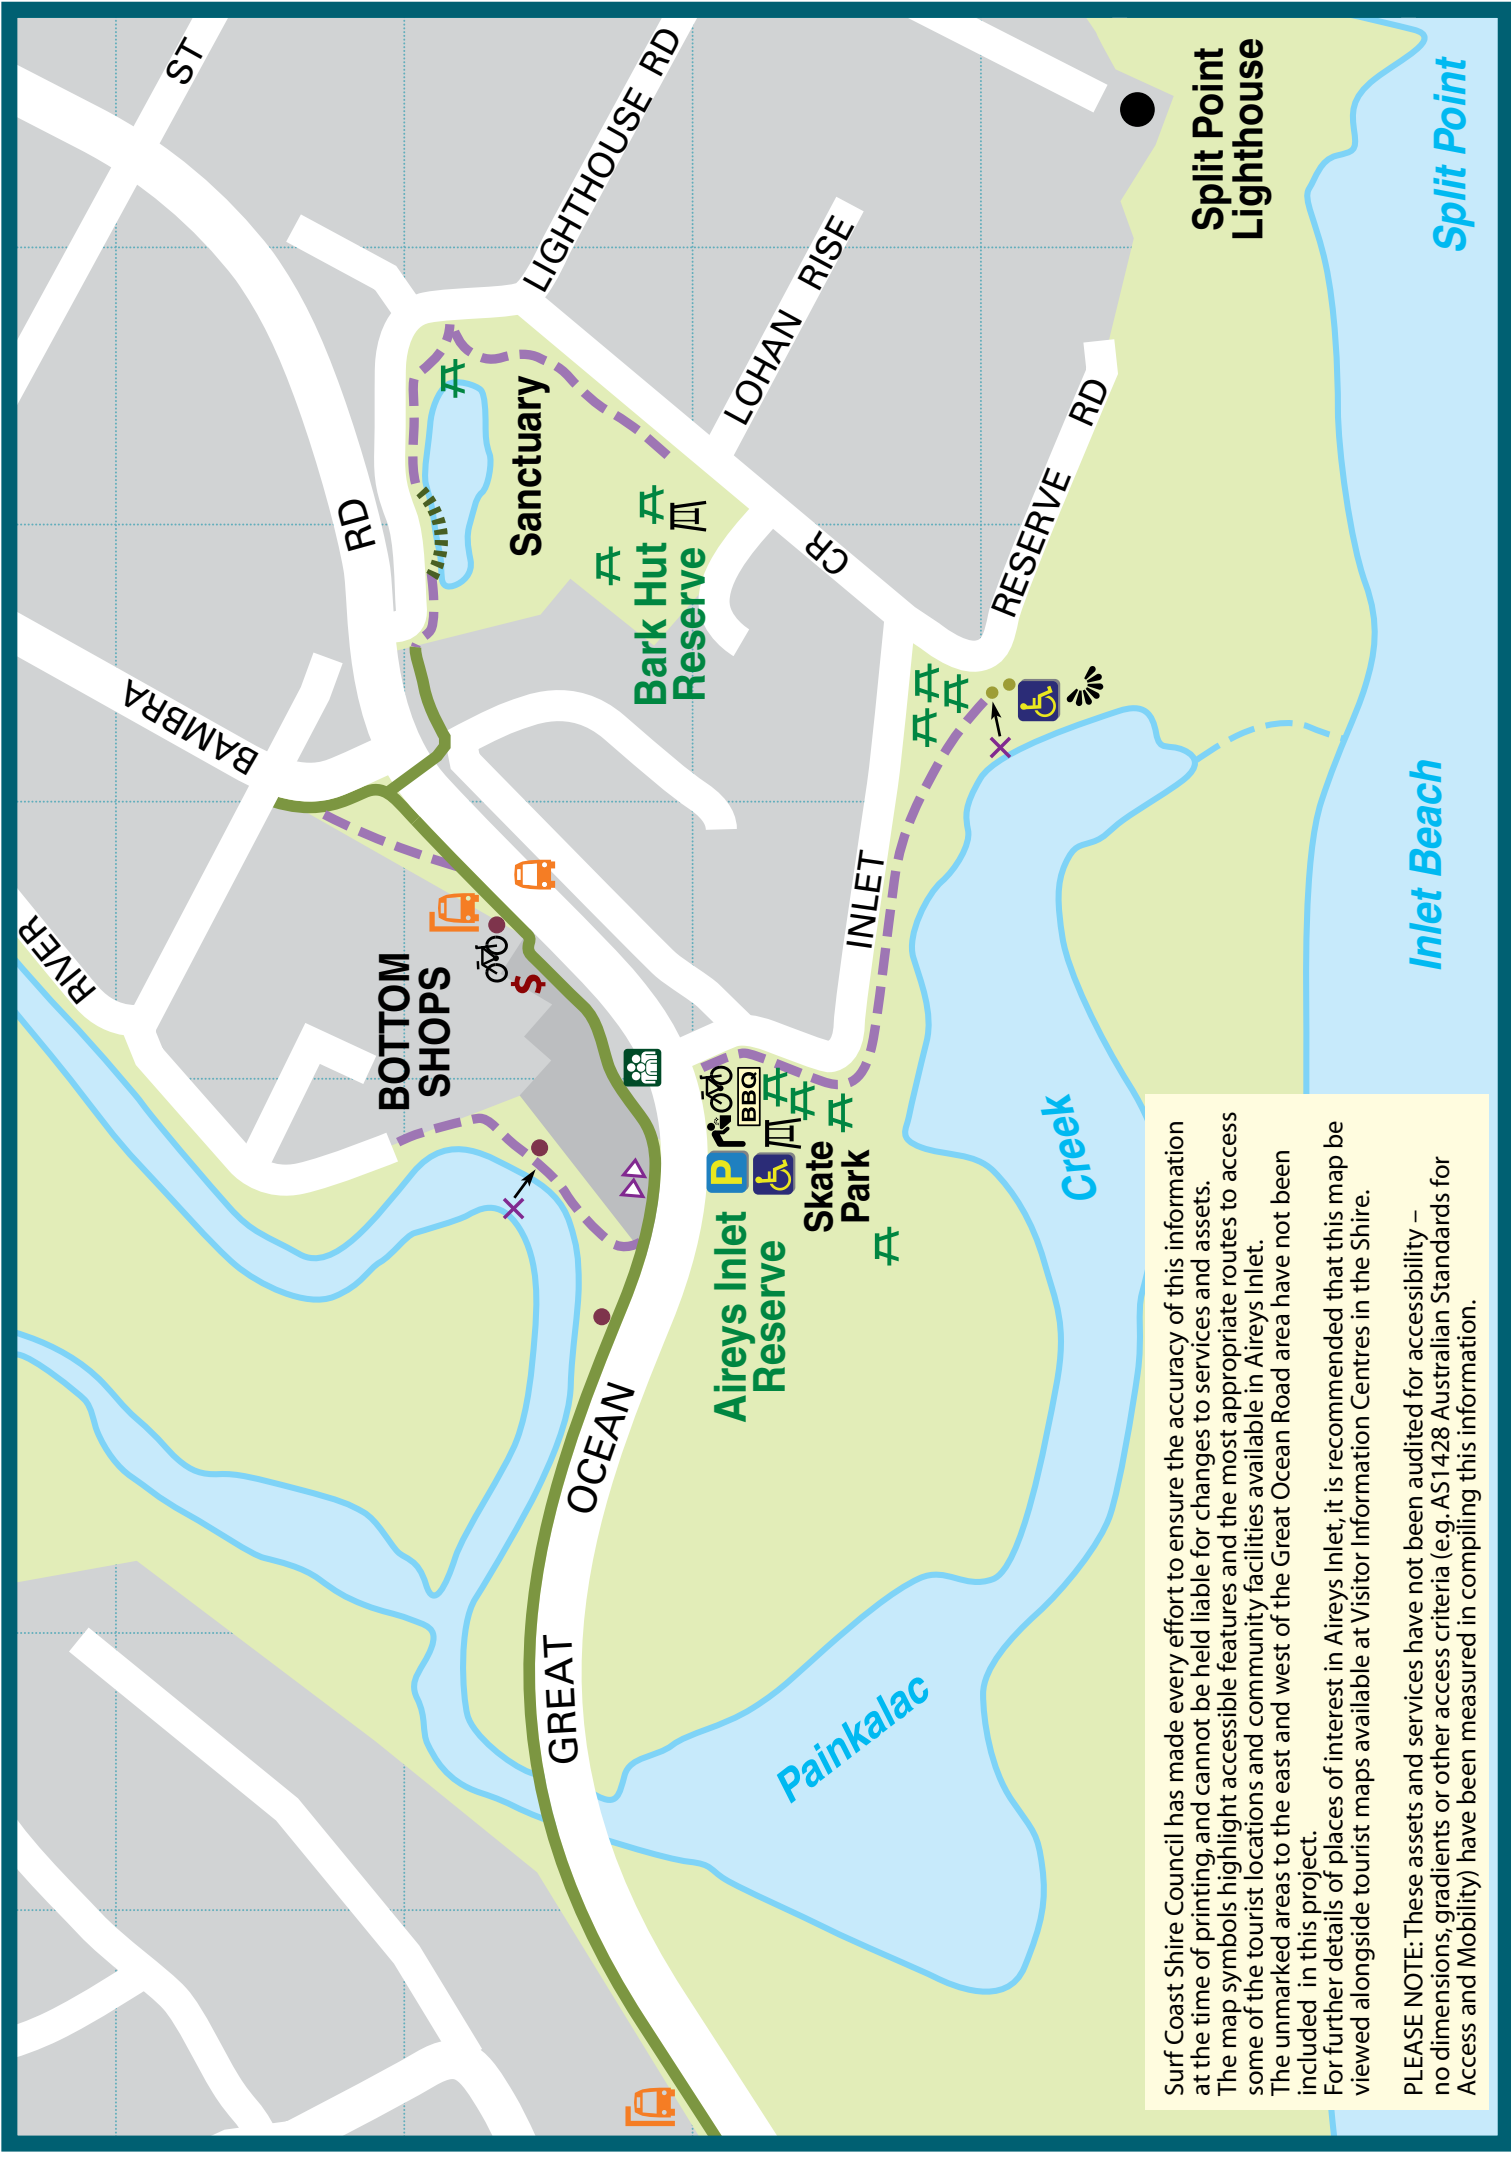

The Access Surf Coast series of maps is designed to provide better information to help you get out and about to access your community, whether you're walking, in a wheelchair or scooter or pushing a pram. The maps highlight accessible features, the most accessible pedestrian routes, and provide useful information on public transport.

Surf Coast Shire is committed to promoting accessible and inclusive services for all people.

Creating Access Surf Coast maps enables people with mobility issues who live in or visit the Shire to identify accessible features in townships and better access their community.

Joins map below

Surf Coast Shire Council has made every effort to ensure the accuracy of this information at the time of printing, and cannot be held liable for changes to services and assets. The map symbols highlight accessible features and the most appropriate routes to access some of the tourist locations and community facilities available in Aireys Inlet. The unmarked areas to the east and west of the Great Ocean Road area have not been included in this project. For further details of places of interest in Aireys Inlet, it is recommended that this map be viewed alongside tourist maps available at Visitor Information Centres in the Shire.

PLEASE NOTE: These assets and services have not been audited for accessibility – no dimensions, gradients or other access criteria (e.g. AS1428 Australian Standards for Access and Mobility) have been measured in compiling this information.

## Acknowledgements

The Access Surf Coast initiative is funded by the State Government Transport Connections Innovation Fund.

This series of Access Surf Coast Maps have been developed in partnership between the Surf Coast Transport Connections and Rural Access programs. These programs promote and support universal access and address barriers for transport disadvantaged communities and people with a disability in accessing education, health, employment and social opportunities.
