

Notification of a Food Premises

Food Act 1984

Information for Food Businesses - Food Act Registration or Notification

The Food Act 1984 (the Act) regulates the sale of food for human consumption. From 1 July 2010 a new food premises classification system applies to all food premises operating in Victoria.

If your business sells food you must either register with, or notify, the council in which the premises is located. This information sheet explains whether you will need to register or notify.

Please note: You must attach this page to your application or notification to register, renew or transfer a food premises form.

Food Act Application for Registration or Notification

There are now four classes of food premises - class 1, class 2, class 3 and class 4. The new classification system means that regulatory requirements are better matched to the level of food safety risk associated with the food handling activities at different types of premises.

Class 1 has the highest and class 4 the lowest level of legal requirements. In summary, the new classes are:

- Class 1 - hospitals, child care centres and aged care services which serve high risk food.
- Class 2 - other premises that handle high risk food unpackaged food.
- Class 3 - premises that handle unpackaged low risk food or high risk pre-packaged food, and warehouses and distributors.
- Class 4 - as described below.

Classes 1, 2 and 3 premises must register with the council.

Class 4 premises must notify the council.

You will be a class 4 premises and only need to notify if your only food handling activities are as follows:

- the sale of shelf stable pre-packaged low risk food such as confectionery, crisps, frozen ice cream, milk, bottled drinks - for example, newsagents, pharmacies, video stores and some milk bars.
- the sale of packaged alcohol - for example, bottle shops.
- the sale of uncut fruit and vegetables - for example, farmers markets, green grocers and wholesalers.
- wine tasting (which can include serving low risk food or cheese).
- the sale of packaged cakes (excluding cream cakes).
- the supply of low risk food, including cut fruit, at sessional kindergarten or child care.
- simple sausage sizzles at stalls, where the sausages are cooked and served immediately. This means sausages, sauce, onions and bread. (This does not include hamburgers or other high risk foods).

For a full list of class 4 activities go to www.health.vic.gov.au/foodsafety

Please tick one of the following:

1. The only food handling activities at my premises are as described above.
Please complete a notification of a food premises form and submit to council for confirmation.

2. The food handling activities carried out at my food premises involve other activities that are not listed above

If you ticked box 2, you may be required to register with the council.

Please contact the council to discuss:

- the process for registering your premises using the application to register a food premises form; and
- whether your premises is a class 1, 2 or 3. This will decide whether you require a food safety program and/or a food safety supervisor

If you operate a **supported residential service** you will need to inform the council whether the majority of your residents are aged persons.

Council will ask if you handle or intend to handle high risk foods. This means foods that require temperature control (refrigeration or heating). For example meats, chicken, fish smallgoods, custard, cream, salads, cooked pasta, eggs and sandwiches.

The attached notification of a food premises form may not be used by your council for community group events. Please contact your council to obtain the appropriate form.
