

# TrailRider All Terrain Wheelchair Hire of equipment – Conditions of use

## Conditions of Use (PRINT AND BRING COMPLETED FORM WHEN HIRING THE TRAILRIDER)

I have viewed the TrailRider All-Terrain Wheelchair induction video that is on the Surf Coast Shire website. I am familiar with the proper use of the TrailRider All-Terrain Wheelchair equipment provided and understand how to operate it.

I am aware that the use of this TrailRider All-Terrain Wheelchair equipment involves some risks, dangers and hazards including, but not limited to: changing weather conditions; mechanical failure of the equipment; loss of balance; difficulty or inability to control one's speed and direction; variation or steepness in terrain. I am aware that the passenger in the TrailRider chair must wear a helmet.

Failure to use the TrailRider All-Terrain Wheelchair equipment according to the instructions of the manufacturer and/or the supplier, or within one's own ability, may result in an accident and/or injury. The hirer agrees to indemnify Council against any negligent acts, errors or omissions made by the hirer.

I am responsible for any damage incurred to the TrailRider All-Terrain Wheelchair equipment for the period that I borrow it. I am financially responsible for replacing or repairing the TrailRider All-Terrain Wheelchair equipment and any of its components upon bending, breaking, ripping or theft. I am responsible for returning the TrailRider All-Terrain Wheelchair in a clean condition.

Please note that the level of access the TrailRider can achieve in parks & reserves is determined by the number, strength and level of fitness of people operating the chair. The TrailRider requires a minimum of two reasonably fit people, one person pushing at the back of the chair and one person pulling the chair from the front, to enable a passenger to travel in the chair. Four people are required for operating the TrailRider on more difficult terrain, such as tracks with steep sections or steps; two people pushing the TrailRider from the back and two people pulling from the front. The Surf Coast Shire recommends several tracks for the TrailRider. The tracks recommended below have been graded as 'easy' or 'moderate' difficulty. Whilst the level of difficulty is lower, the following tracks still include some hilly sections and as such, the access by the TrailRider is determined by the fitness and strength of the operators.

I have received a copy of the Surf Coast Walk and Lorne Walks & Waterfalls maps, in which the recommended tracks include:

- **Surf Coast Walk**

Sections 1-4, Point Impossible – Torquay – Bird Rock – Bells Beach

Sections 7-8, Anglesea Riverbank – Point Roadknight

Sections 11-12, Aireys Inlet – Fairhaven

Note: the sections of the Surf Coast Walk that are not recommended involve steep sections, stairs and beach walking, which would be difficult to navigate with the TrailRider.

- **Lorne Walks & Waterfalls**

Lorne Foreshore South, North & Swing Bridge Circuit

St George River Walk

Sheoak Picnic Area, Won Wondah & Henderson Falls
