Introducing Harriet Gaffney...

Hello Surf Coast Arts Community!

Firstly, thank you everyone for the incredibly warm welcome as I take on the role of Arts Development Officer for the Shire. I am thrilled to be working with such a diverse, engaged community of artists across disciplines, and I look forward to meeting more of you as I settle into the role.

As you'll understand far better than me, I have big shoes to fill. I want to thank Julie for putting her heart and soul into fostering the local arts scene for such a long time and promise that I will do my utmost to continue this tradition of support, care and nurture into the future. Some of you know me as a writer and literary professional, and met me through my last role as the Regional Projects Officer for Writers Victoria. What you may not be aware of, however, is my long history of working across artforms, including literature, theatre, visual arts, sculpture, music and festivals, in Alice Springs, Darwin and Bali.

For me, the arts' offer opportunities to get to know ourselves, our communities and our place; they speak across language and culture to help us see the world in different ways; and, importantly, they have the potential to bring fun, joy and connection.

So, with cooler weather promised for the weekend it's definitely time to get out and participate in some of the fabulous exhibitions and events on offer – and to plan for some of the huge array of activity happening over the summer months. I hope to see you out there. Enjoy, Harriet.

The Fretless (Canada)

Concert 1 7.30pm Saturday January 5

Winners of the 2017 JUNO for Instrumental Album of Year, The Fretless is a new approach to folk music. They may look like a string quartet, but with their unique balance of fiddle, viola, cello, rhythm and melody, they shatter all expectations.

The fiddle tradition runs deep and their roots are based in Celtic and Canadian fiddle styles. Taking traditional music to a new level, The Fretless transform fiddle tunes and folk melodies into intricate, beautiful, high-energy and innovative arrangements.

Formed in 2011, they've performed their unique brand of Celtic fusion all over Canada and throughout the United States, the UK and Europe.

Everywhere they go, they create the kind of impact rarely experienced, largely through respect for their innovative approach and always as a result of supercharged performances. Progressive chamber trad at its best!

The Slipdixies

Concert 2 7.30pm Saturday January 26

Making 1920s & 30s jazz and blues hot and steamy all over again, The Slipdixies take their unique New Orleans inspired sounds all around Melbourne, regularly gigging in the inner burbs and at a many festivals across the State.

Our repertoire ranges from hot driving rhythms to laid back blues. We play old favourites as well as lesser known forgotten treasures of a bygone era.

Susy Hull fronts the band with incredible vocals and washboard rhythm, accompanied by the rocketing banjo and mighty sousaphone and a talented front line of horns and reeds.

The Slipdixies energetically create the sounds of early New Orleans music with a mild modern twist!

Fred Smith

Concert 3 7.30pm Saturday February 9

Fred Smith has been a favorite on the Australian festival circuit for years, much loved for his humour, gift for story and melody, and sublime collaborations with Liz Frencham and The Spooky Men's Chorale.

Now the rest of Australia is catching up with Fred Smith. He was the subject of an Australian Story feature. And he recently wrote a book, *The Dust of Uruzgan*, published by Allen and Unwin and available in all good bookstores. Fred will be playing songs from his rich back catalogue.

"It is about time Australia caught up with Fred Smith. This remarkable singer-songwriter – who at various times reveals influences that range from Paul Kelly via Lou Reed to Loudon Wainwright III to Leonard Cohen – keeps releasing amazingly accomplished albums." *(Bruce Elder, SMH)*.

"Fred Smith is one of this country's most literate, humorous, intelligent and empathic songwriters." *Warwick McFadyen, the Sunday Age*
