

## Sweet Bursaria

*Bursaria spinosa* subsp. *spinosa*

Prickly woody shrub to 2m or more, with small oval leaves. Masses of fragrant, creamy-white, five petalled flowers. Popular with bees and butterflies.

**Anglesea: C, E Aireys Inlet: L, M, N**

## Moonah

*Melaleuca lanceolata*

Dense erect or small tree with short narrow, thick dull-green leaves. Clusters of highly perfumed, creamy-white 'bottle-brush' flowers.

**Anglesea: A, C, E, Aireys Inlet: M**

## Dusty Daisy-bush

*Olearia phlogopappa*

Shrub of moist forests to 2m, with narrow, oval-shaped grey-green leaves. Clusters of yellow-centred, small white daisy-like flowers.

**Aireys Inlet: M**

## White Correa

*Correa alba* var. *alba*

Dense spreading coastal shrub, about 1.5 m, with oval grey-green leaves. White waxy flowers with spreading petals.

**Anglesea: F  
Aireys Inlet: K**

**Many other plants are found at these and other locations. These are just some of the significant ones you may find. Please refer to reserve location maps overleaf.**

## Twiggy Daisy-bush

*Olearia ramulosa*

Twiggy shrub, about 1m, with fine bright-green leaves. Masses of small white daisy flowers.

**Anglesea: B, C, D, F  
Aireys Inlet: L**

## Blue Pincushion

*Brunonia australis*

Perennial herb to 20cm with basal rosettes of long, narrow, hairy spoon-shaped leaves. Several flower bearing stems, each with one intensely blue dome-shaped flower-head,

with numerous yellow styles forming the pins in the 'pincushions'.

**Anglesea: A, C, D, E Aireys inlet: N**

## Ixodia

*Ixodia archillaeoides* subsp. *alata*

A late summer upright shrub to 1m, with narrow sticky green leaves. Clusters of vivid white papery flowers.

**Anglesea: A, C**

## Rosy Hyacinth Orchid

*Dipodium roseum*

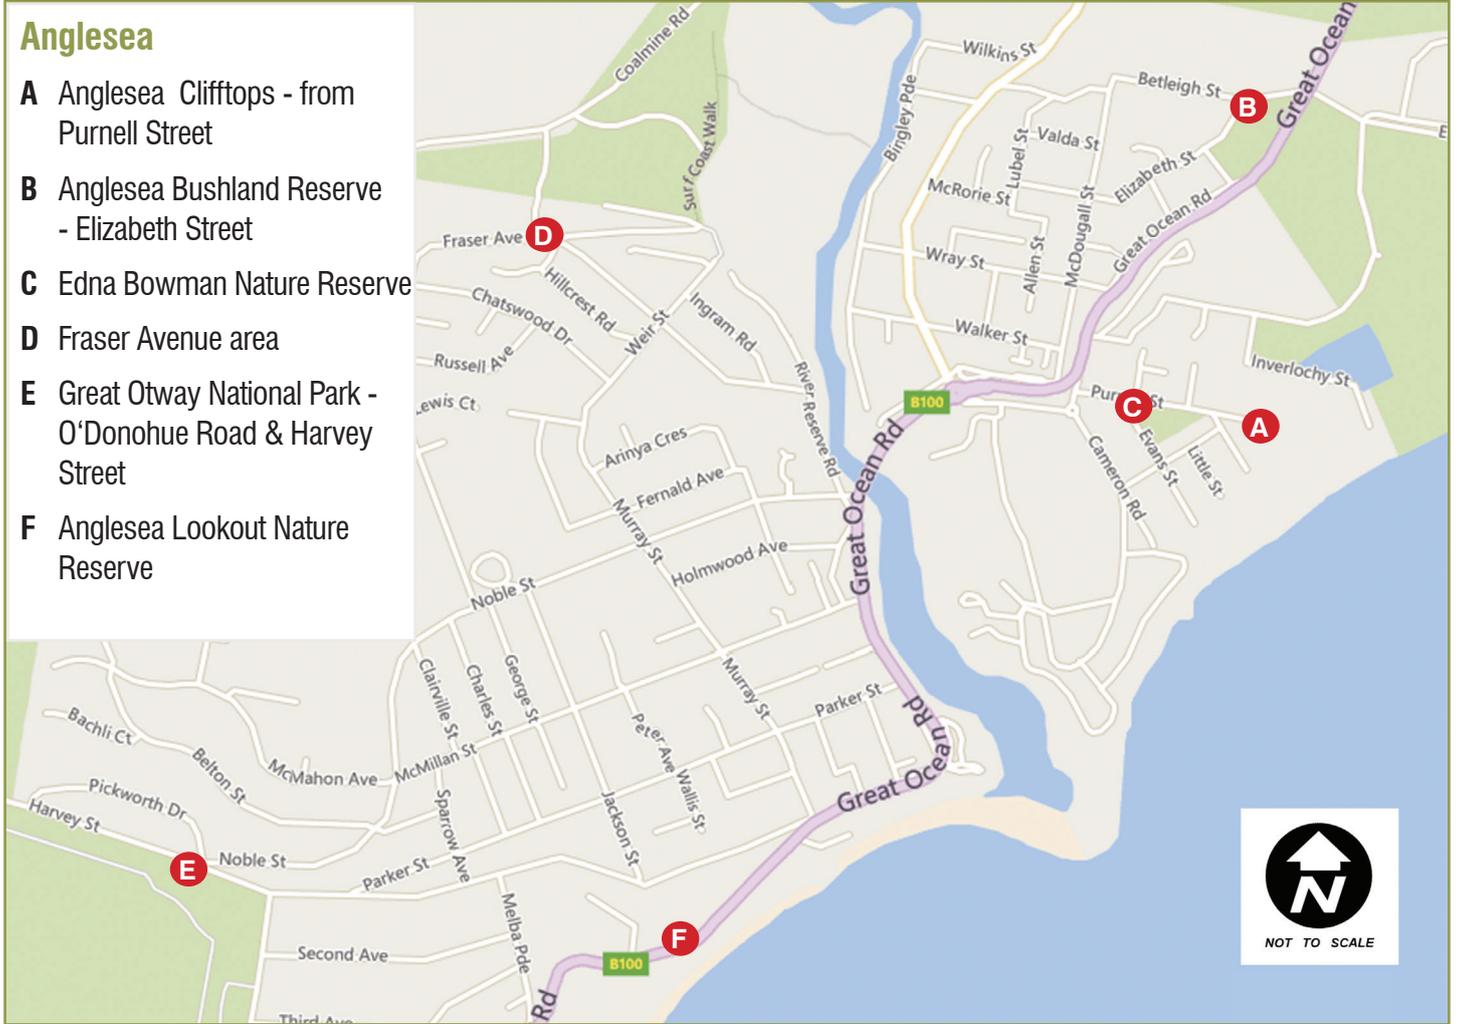

Leafless, relatively tall orchid to 90 cm with thick brownish, occasionally green stem. Numerous stalked bright pink flowers.

**Anglesea: B, C, E  
Aireys inlet: M**
