

Parklet Suppliers

Hospitality venues may select a company listed below or a contractor of their choice to construct parklet infrastructure in accordance Parklet Design Guidelines

Surf Coast Shire does not endorse or recommend any specific suppliers, but has provided a register of suppliers below as suggestions for investigation by hospitality venues wishing to expand their dining spaces into the public realm.

Hospitality venues may select their own contractor (not included on this list), but any proposal must strictly comply with the Surf Coast parklet specifications.

Plans and proposals must be submitted to Surf Coast Shire Council for approval prior to any construction and operation of a parklet.
