Malurus cyaneus	Superb Blue-wren									
Animals										
Heteronympha merope	Common brown butterfly									
Macropus giganteus	Eastern Grey Kangaroo									
Myrmecia pilosula	Skipjack ant									
*Pieris rapae	Cabbage white butterfly									

Tachyglossus aculeatus	Echidna									
	Native Bee									

Notes

Most scientific names are correct at the time of preparation of this document, but no guarantee is given. Names may change with time.

Observer/s' skills vary, but are generally good.

Some sections may not be comprehensive, and some are specific lists, eg animal-trapping surveys. Some lists, especially ALA lists, include earlier lists.

ALA (Atlas of Living Australia) records should be accepted with caution where they are not supported by other observations. The skill of the observer/s has not been verified, and lat-longs can be inaccurate, thereby placing records from other sites in this reserve. Some ALA records are historic & the species may no longer be present.
