

Plans to comply with Planning Permit conditions

Please note - As part of the 2024/25 financial year budget, an additional charge has been introduced where plans are required to be resubmitted to comply with conditions.

There is no charge for the initial lodgement of plans to comply with permit conditions, however if those plans do not meet the permit conditions or include additional changes to the plans, a \$362 assessment fee is required. This will be payable on re-lodgement of the plans to comply with permit condition(s).
